The Voice of Chiropractic in New York State

The **oldest and largest** organization representing the professional practice interests of the Chiropractic profession in New York State.

"NYSCA membership provides Chiropractors in New York State an unparalleled opportunity to advance their profession, by adding their voice of the unified defense of practice rights, scope of practice and a rightful place among mainstream Health Care."

*- Jack Beige, DC, Esq.
NYSCA Past President*

Community

NYSCA provides Chiropractors the opportunity to share their struggles and successes while working for the collective betterment of the Chiropractic profession.

Education

NYSCA offers a Practice Enhancement Program, designed to help ease the new practitioners transition from student to Doctor of Chiropractic. Seminars cover such topics as:

- Proper practice procedures
- Technique and diagnosis
- Workers' Comp and No Fault
- Insurance Coding
- Patient Law

Legal Advocacy

NYSCA monitors all legislation in NYS that affects the Chiropractic profession. In conjunction with our full time lobbyist in Albany, NYSCA works to protect and expand practice rights, and the services provided under NYS workers comp and auto-no fault.

Communication

NYSCA keeps its membership up to date on issues affecting chiropractic through its bi-monthly newsletter "On the Agenda" regular fax updates and through our website: www.NYSCA.com

NYSCA Events

NYSCA presents three major state-wide conferences each year. These events including some of the nations most notable speakers, presenting on the latest topics in Chiropractic. Many of these lectures are offered for Continuing Education credit.

These events also showcase the finest suppliers of Chiropractic equipment and services. NYSCA members are eligible for special discounts from many of these merchants and providers.

Our Mission

- To **enhance** the public health by assuring universal access to safe and effective health care.
- To **lead** chiropractic toward full integration in the evolving health care delivery system as the treatment of choice for the conservative management of neuromusculoskeletal dysfunction.
- To **advance** research, elevate the educational standards of the profession, and embrace the highest professional ethics and standards.
- To **assist** the Doctor of Chiropractic - the patient's advocate - in delivering accountable, coordinated, patient oriented care to people of all ages.
